NUMBER 277

Diplomatic matters are quite Chili at Washington.

Polygamy in Utah seems to be mightier than the government at Washington.

Three inches of snow fell in Georgia, on Monday, which was the heaviest snow storm known in that State for many years.

Seville says Guitau's mail will be dumped into the Potomac hereafter. In that case Guitau should be allowed to follow his mail.

William H. Vanderbilt has the largest art collection of any man in the United States, and yet in all his vast and valuable array of paintings, not one of them is the work of an American artist.

Judge Cox will hear Seville's argument for a new trial in the Guitau case next Friday. Washington dispatches say that there is no probability that Judge Cox will grant a new trial.

Seventy passenger trains leave and arrive daily at the various depots in Chicago. Twenty-eight of this number leave and arrive at the Chicago and Northwestern depot. There are sixteen railroads centering at Chicago.

Four weeks of the session of the New York Legislature have passed and not a single thing in the way of business has been done. The Democrats have run the Legislature into a dead-lock, and seemed inclined to keep it there. This is the kind of reform, patriotism, public spirit, we hear the Democrats boast of so loudly.

The report of Hon. Frank Leland, American consul at Hamilton, Ontario, regarding the exports to the United States from his consular district during 1881, shows that the value of articles exported reached \$3,043,275.71, being an increase over 1880 of \$619,560.29. The articles most steadily in demand in the United States and exported from his district are animals, barley, baled hay, eggs, hides and skins, lumber, malt, peas, wool, wheat, etc.

Now that a crusade against Mormonism has been organized by the people, it is time for Congress to do something to rid the country of one of the twin relics of barbarism. The whole power to abolish this evil lies in Congress. The people can do nothing except to create a public sentiment which will strengthen Congress in its fight with polygamy. It has been said that "the thing for the nation to do is to strip the Mormon church of the control of government, by abolishing the territorial legislature and all government by suffrage in the territory, and to govern it by national officers, these appointing every local officer, including magistrates, constables and police. When Congress shall have done this it will have begun to make possible the enforcement of law. Without that, its laws against polygamy are so vain as to be suspected of insincerity. When the moral crusade against polygamy shall call for this measure it will begin to act with reason. Without that, all its sentimental denunciations of polygamy is a mere blast of wind for its own exaltation."

Assemblyman McMill, of Polk county, has introduced a bill to establish another State charitable institution—a home and school for neglected children. The bill in brief, provides "for the appointment of a preliminary commission of three members who shall select, and by gift or purchase acquire a school site of not less than eighty acres. On such site the commission shall cause to be erected suitable buildings after the cottage or family plan, so-called, which shall serve as school-rooms and lodging houses. After completion of the buildings, the property shall be transferred to the charge of the State board of supervision, whose members shall establish a system of school government and engage a superintendent, matron, teachers and other employees necessary for the management of the institution. Children between the ages of four and sixteen years, who by the death or criminality of their parents are neglected or abandoned but not themselves criminal, may be received into the school upon a certificate from any county judge or other designated official. Pupils may be sent from any county in the State under a rule of county appointment similar to the one now in vogue for the admission of patients to State insane asylums. Admitted to the school, pupils are to be educated in branches usually taught in the public schools and are to be given also, needful physical and moral training. Upon attainment of the age of sixteen years pupils shall be discharged from the school, except otherwise specially directed by the board of supervision."

It is only a straw—but straws are capable of showing how the wind is blowing—the current report that Colonel Bryant, of the notable 306 in the Chicago Convention, is to be made postmaster at Madison, Wis. Colonel Bryant is a good man and a good Republican, so good, in fact, that he voted first, last, and all the time for U. S. Grant, while his nineteen associates in the Wisconsin delegation never voted for Grant at all. Even when the tide turned for Garfield, Bryant stood firmly by the "old commander."—Chicago Journal.

Quite a number of papers have asserted that General Bryant's appointment was due to the fact that he was a Grant man in the Chicago convention in 1880, and that he voted for Grant first and last and all the time. In the first place he was not recommended by Congressman

Caswell because he belonged to the famous 306. Mr. Caswell was not a Grant man at all, and under no circumstances would he recommend a man for postmaster at Madison because he represented the Grant faction of the Republican party. The General was taken simply on a compromise, in the hope that his appointment would be acceptable to all parties concerned.

Again, there is a mistake in supposing that General Bryant never deserted Grant in the Chicago convention. It is not true, as stated by the Chicago Journal that "when the tide turned for Garfield, Bryant stood firmly by the 'old commander.'" General Bryant voted for Grant thirty-five times, but on the thirty-sixth and last ballot, without knowing what the result would be, he voted for Garfield making a solid delegation from Wisconsin for that great statesman. These are the facts, and the people may as well understand them.

MADISON, January 31.—In the Senate, the apportionment resolution was laid over till to-morrow.

Governor Rusk sent to the Senate a history of Vezzie and Superior with air line laborers, with the suggestion that some action be taken in the premises. The communication was ordered spread on the journal and referred to the railroad committee.

ASSEMBLY.
In the Assembly a lengthy communication was read from the Historical Society, urging the construction of a suitable building for its use.

The Senate resolution fixing February 7th as a limit to the introduction of new business, was amended, fixing the time at February 14th. Adopted.

Bills were introduced to prevent the sale of adulterated food and drinks. Compelling physicians to show diplomas.

Appropriating seventy-five thousand dollars to air line laborers.

"Compelling the attendance of children between the age of seven and fifteen upon public schools."

Providing State aid for the education of deaf mutes.

A protracted discussion took place on recommendation of the Governor to take action on the claims of the air line laborers. The whole matter was referred to the committee on State affairs.

MADISON, Jan. 31.—The Republican members of the Senate had a caucus at the close of the session of the Senate this morning, on the apportionment resolution, and decided to non-concur in the Assembly amendment, which forces the Assembly committee of 11 on the Senate.

The resolution as amended by the Assembly will be non-concurred in to-morrow, and a committee of conference will be appointed, and the original Senate resolution will be insisted, which provides for a committee of 11, four from the Senate and seven from the Assembly.

A CONFLAGRATION.

Special to the Gazette.

NEW YORK, January 31.—A fire broke out this morning in the old World newspaper office, and the entire block was destroyed except the Times building. The newspaper offices destroyed are the Scientific American, The Observer, the Scotch-American Journal, the Turf, Field and Farm, and the Forest and Stream. Also Pettengill's and other advertising agencies. The New York Rubber company, the largest in the world, is also burnt out. The rumors of a terrible loss of life among the 800 girls employed in the printing houses, caused intense excitement, but proved to be un-

true. Only one woman was killed, who jumped from Pettengill's building. The loss will aggregate several millions of dollars. The flames were subdued before noon.

THE NEWSPAPER WAR.

MILWAUKEE, Jan. 30.—The case of E. H. Abbott vs. The Sentinel company came up for hearing before Judge Mann last Saturday. Mr. Abbott asked that the meeting of Sentinel stockholders held by himself and a companion on the sidewalk in front of the Sentinel building on January 9, be declared valid, and that another meeting of stockholders be appointed for January 30, at 2 o'clock p. m. The case was taken under advisement until this morning at 10 o'clock, when Judge Mann rendered his decision in a lengthy opinion, refusing to declare the sidewalk meeting of Jan. 9, a valid one, and denying the appointment of a stockholders' meeting for to-day. In spite of the court orders, another meeting of holders of Sentinel stock was held, pursuant to Mr. Abbott's adjournment to Jan. 9, in front of the Sentinel office at 2:30 this afternoon. E. H. Brodhead, C. F. Isley, and D. J. Wells, stockholders, and J. E. Jenkins, counsel, went to the Sentinel office at 2 o'clock this afternoon, but were refused an entrance. They then met on the sidewalk in front of the building, and after some desultory talk, adjourned until April. The decision of Judge Mann staves off the annual meeting until next January, and the present management will remain in charge that long, even if other suits are decided against them.

SHAMELESS APPEAL.

WASHINGTON, D. C., Jan. 30.—Seville has issued a card to the American people, in which he says: "In my circumstances, I don't feel called upon, as a matter of public interest alone, to give an additional two month's time to the motion for a new trial (for Guitau) before the court in banc. If my fellow citizens, few or many, think the interests of justice, the cause of humanity, or the honor of the country require that this contest be prolonged, and that no effort be spared to secure a verdict and judgment after passion shall have subsided in the public mind, let them manifest it by providing means, and competent counsel will be secured [at once]. I ask nothing for myself up to this time, but cannot give my own services hereafter without compensation. At least \$2,000 is needed. Should sufficient amount not be received, money will be refunded on request."

Noting the Effects.

R. Gibbs, of Buffalo, N. Y., writes: "Hearing your BURDOCK BLOOD PURIFIER favorably spoken of, I was induced to watch their effects, and find that in chronic diseases of the blood, liver and kidneys, your bitters have been signally marked with success. I have used them myself with best results, for torpidity of the liver; and in the case of a friend of mine suffering from dropsy, the effect was marvellous." Price \$1.00, trial size 10 cents.

TEMPERANCE MEETING.

MADISON, Jan. 30.—A very radical temperance measure will be offered in the Assembly to-morrow. It enacts the Nebraska license statute, so changed as to be applicable to Wisconsin. It provides that town boards shall grant licenses hereafter, and applicants for licenses shall pay not less than \$500 therefor. Each applicant must file an application indorsed by thirty free-holders, who certify that the applicant is of a good character. Each such application shall be published in a newspaper, and

if no objection is made, license may then be granted. Each applicant must give a bond in the sum of \$500, conditioned upon compliance with the provisions of this act. Liquor dealers are prohibited from selling to Indians, insane persons, idiots, habitual drunkards, or minors, and shall be liable for all damage to the community or individuals resulting from such traffic. Heavy penalties are imposed for adulterating liquors. All fines and forfeitures imposed by this act are to be paid into the school fund.

THE WEATHER.

REPORTED BY PRENTICE & EVENSON, DRUGGISTS. The thermometer this morning at seven o'clock stood 25 degrees above zero, and at one o'clock at 37 degrees above. Cloudy. For the corresponding time last year the thermometer stood 24 and 23 degrees above.

WASHINGTON, Jan. 31, 1 a. m.—The following are the indications for to-day: Lake region—slightly warmer, partly cloudy weather, and occasional light snow; winds mostly from south to west; lower barometer in the lower lake region.

GOLDEN'S LIQUIR'S LIQUID BEEF and Tonic INVIGORATOR is admirably adapted for females in delicate health. Golden's, no other. Of Druggists.

Complimentary to the High School.

The following from the Milwaukee Sentinel is quite complimentary to the High School in this city, and of course complimentary to Professor Burton, as well:

"It appears that all the pupils before graduating from the Janesville High School, besides making a creditable record in the studies of the course, have to pass a satisfactory examination before the county officials for a second grade certificate. For this purpose the county superintendents hold a joint annual session at the high school building, usually devoting two days of thorough work, oral and written. The object of such an arrangement is two-fold, viz.: To provide a healthful stimulus for a thorough review of the elementary branches by classes before leaving school, and to establish closer relations and kindred sympathies between the county and city schools. This plan has now been in operation seven years, and in its results has proved very satisfactory to all concerned. For the class of 1882, numbering twenty-

three members, such a test will occur on the 6th proximo. Hitherto 50 per cent. of Janesville's graduates have immediately joined the corps of Rock county teachers, and, as a rule, have shown themselves efficient members."

The Liliputian Comic Opera Company.

This well known and charming comic opera company will appear at Myers Opera house this evening. It comprises the largest and smallest people in the world, and beside this novelty, the members of the company are excellent singers and popular actors. The cast of characters is as follows:

Miss Jennie Quigley is the most talented little lady in the world, sings soprano is 26 years old and 26 inches in height.

Miss Eliza Nestal, sings alto, is 26 years old and 29 inches in height.

Admiral Dot, one of the most wonderful Liliputian comedians, is 28 inches in height, is 28 years old, and sings, tenor.

Commodore Foote is a character actor of remarkable ability, sings baritone, is 30 inches in height, and 30 years old.

Major Davis, is mezzo soprano, is 30 inches high and 30 years old.

Captain Midget is 34 inches in height, and 21 years old.

Then comes in a wonderful contrast between all these, Colonel Ore, the giant—the largest man in the world. He is 36 years old, and stands eight feet high.

This combination of remarkable physical characters is so thoroughly good in performances on the stage, that they have drawn crowded houses every night, and at Sparta, last evening, the hall would not hold the crowd that was anxious to hear the famous Liliputians. This phenomenal success is founded on the fact that people who attend get twice the value of their money in solid and rare amusement.

A Short Road to Health.

To all who are suffering from boils, ulcers, scrofula, carbuncles, or other obstinate diseases of the blood and skin, a course of BURBOK BLOOD PURIFIERS will be found to be a short road to health. Price \$1.00 per bottle. Sold by A. J. Roberts and Sherer & Co.

Municipal Court.

Timothy Dwight Tipton, Alex. Christie and Isaac Johnson, a trio of tramps who had been run in by Ed. Smith, were brought up this afternoon and related their stories to the court.

Isaac Johnson, who complained of being sick, was given three days in jail. Christie was more unlucky, as he received a sentence of seven days on a diet of bread and water. Tipton was looking for work, and the court allowed him to go—provided he started right away—which he did.

The court is occupied this afternoon with the case of the State vs. Milford.

Wilcox vs. Bates, Et Al.

E. M. Hyzer, referee in the above entitled action, to-day made his report to the Circuit Court for Dane county. As announced some time ago, he holds with the defendants on each proposition in the case. The twentieth and last conclusion of fact is as follows: That the amount now due Allen C. Bates and George Harvey from Charles T. Wilcox, is five thousand eight hundred and eighty-eight dollars and forty-six cents. The fees of the referee according to stipulation of the parties are seven hundred and twenty-four dollars, which, with judgment for costs in the Supreme Court of two hundred dollars on the last hearing of the case, and the finding of the referee, amounts in all to six thousand eight hundred and twelve dollars and forty-six cents.

Premature Loss of Hair.

May be entirely prevented by the use of BURNETT'S COCAINE. No other compound possesses the peculiar properties which so exactly suit the various conditions of the human hair. It softens the hair when harsh and dry. It soothes the irritated scalp. It affords the richest food. It prevents the hair from falling off. It promotes its healthy, vigorous growth. It is not greasy nor sticky. It leaves no disagreeable odor. It kills dandruff. Burnett's Flowering Extracts are known as the best.

The Death of Mrs. Peck.

Mrs. Lucy Peck, mother-in-law of Mr. A. M. Thomson, died in Milwaukee last week, and as the deceased was well known in this city, we reproduce a notice of her death from the Milwaukee Sunday Telegraph:

Mrs. Lucy Peck died at the residence of her daughter, Mrs. A. M. Thomson, in this city, on the 23d inst., and was buried at Hartford, Wis., on the 26th inst. She was born in 1798, in Barry, Vt., and in 1818 was married to Lewis Peck. In 1833 they removed to northern Ohio, where her husband died, and in 1848 they came to Wisconsin, and settled at Hartford, where her eldest son, Dr. Lewis E. Peck, died. In 1877 she came to Milwaukee, and since that time has made her home with Mrs. Thomson. Besides Dr. Peck, she had one other son, who died many years since, and two daughters, Mrs. Thomson and Mrs. U. D. Mills of Fond du Lac. She was a woman of many virtues and of devoted religious feeling, having been a member of the Universalist church since her youth. She was kind, charitable and good, lived a useful and simple life and was a model of womanly and domestic goodness. Some years since Mrs. Ellen P. Allerton, now residing in Kansas, made her the subject of a graceful poem: "To Grandmother," which was one of the most beautiful tributes ever paid in verse to venerable age and virtue.

MILTON.

The competitive drill of the College Cadets took place in college chapel, on the evening of the 24th. Owing to the size of the hall it was impossible for the whole company to appear, therefore the twenty contestants gave a company drill in the manual of arms, to open the program. This was followed by an interesting and humorous address by Rev. E. M. Dunn, which was heartily applauded. Miss D. E. Brown and R. H. Saunders. Competitive drill for the champion gold badge. Judges, O. A. Friddell, J. E. Davidson and F. M. Wilbur. Contestants, Messrs. Halderson, Saunders, Van Galker, Maxson, Hanson, (Broth, Coon, Cole, Plumb, Rogers, Brown, Post, T. F. Fowle, A. W. Allen, G. O. Allen, Thompson, Wm. Fay, Johnson, Hall, and I. C. Clark. The drill embraced the manual of arms according to Upton's Tactics. The judgment was made on the following points, promptness, accuracy, ease, grace, and general soldierly appearance, the scale being ten for perfection. The winner of the badge was William Fowle, who was accorded thirty-six points out of a possible forty. There were a number of others who were marked high, and none who failed to make a fair average. During the drill the Harmonica Trio, Brown, Post and Allen furnished some cigar box music, and W. B. Anderson sang, "A Warrior Bold." Then came a silent drill to the music of a life by a squad composed of Brown, Post, A. W. Allen and G. O. Allen, which was a complete success, and elicited hearty applause. The next feature was the "Irish" drill by the same gentlemen, which was novel and awkward enough to elicit a hearty laugh from everyone. After the award of the badge Captain Cole came forward, and in a few appropriate remarks presented the Cadets' drill master, Mr. W. P. Clarke, with a beautiful gold badge, above came bearing the following inscription: "M. C. C. to W. P. Clarke, January 24, 1882, as a testimonial of their regard for him." This was a complete surprise to Mr. Clarke. The entertainment was a complete success, and pleased all who attended.

The friends of President Williams presented him with a purse containing nearly forty dollars, last week, as a testimonial of their respect and esteem. The money is to be devoted to purchasing a suit of clothes.

—Miss Hattie Hunter, of Chicago, gave a reading at the Congregational church last Wednesday evening. The night was very unfavorable, and the audience not large. Miss Hunter has a fine stage presence, a well trained voice, uses graceful gestures, and is a fine alto singer. Her personations of negro, Irish and Scotch character were excellent. She is a fine actress, has excellent elocutionary talent and is the best reader that we have had the pleasure of hearing in Milton. Her best selections were, "The Creed of the Deaf," "The Song being very strong," "Toll-tale Bobolink," "The Bobolink," excellent; and a "Little Girl's opinion of Hotel Life." We hope to have the pleasure of hearing Miss Hunter again. The reading was interspersed with good music furnished by a sextette from the Cornet Band.

—Mrs. James Bailey is quite ill, but is not considered dangerous.

—President Williams was unable to hear classes, last week, owing to a very severe attack of erysipelas.

—A few of the friends of R. Richardson made him a surprise party on Wednesday evening in commemoration of his forty-second birthday. Refreshments were served and the evening was an enjoyable one for all and a genuine surprise to Mr. and Mrs. Richardson.

—The Cornet Band were invited to the home of their conductor, Prof. N. W. Williams, on Saturday evening. An hour was spent in social chat, followed by refreshments. The band then furnished some music both vocal and instrumental, and Prof. Williams rendered a piano solo. With the exception of Mr. A. A. Hunter, of Ashland, H. L. late of the Sullivan concert company, and Prof. J. M. Stillman, none were present but members of the band. The boys made the acquaintance of President Williams and wife and had a very enjoyable evening. —Remember the band concert on Thursday evening Feb. 16th.

—Prof. J. M. Stillman has disbanded his concert company, owing to the illness of one of their company and the prevalence of small pox throughout the country. He will now go east and engage in convention work. His agent, Mr. A. A. Palmer, left for his Rhode Island home Monday. Mr. Palmer has made many new friends during his stay here, and we shall always be glad to see him in Milton.

—George W. Post, of the Chicago Medical College, came home Friday to see his mother, who is still quite ill.

—The tobacco warehouse will be ready for business next week. It is a fine building, and adds to the appearance of our village very much.
